THREE BEAUTIFUL GIRLS — Miss Marion Caroon, left, Palm Desert, won the second elimination contest for the title of Miss Palm Springs of Riverside county before a packed Starlite Room in the Chi Chi Thursday, the unanimous choice of seven judges. Miss Cheryl Mauerhan, Beaumont, center, was second and Violet LeBere was third. The third elimination takes place tonight in the same place.

Duffey Loses, Shangle Vote Forces Runoff

McCabe Receives Highest Single Number of Ballots

Two upsets featured primary voting in the Palm Springs area Tuesday, with Howard Poe, police sergeant, scoring an overwhelming victory over incumbent Fred Duffey, 1897 to 1023, and Bruce Shangle winning the Democratic nomination from veteran Congressman John Phillips to force a runoff election in the fall.

Voters in the city itself and in the area gave their heaviest support to their local candidate, appointee Judge Hilton McCabe, who was running for election to the Superior Court post at Indio. Palm Springs cast 1337 ballots for him, and the total area 2136, both high for a single candidate.

JUDGE McCABE also ran well ahead of his opponent in county voting, holding a two to one margin with more than two-thirds of the 305 precincts reporting.

Supervisor Homer Varner received the second greatest support, 1951 votes from Palm Springs, Cathedral City, Garnet, Desert Hot Springs, Thousand Palms and Palm Desert, all included in this district, while winning reelection to his Fourth District post for another four-year term. His opponent, Helen Hester, received 970 here.

SHERIFF JOE RICE won election county-wide by a large margin, and Palm Springs gave him a majority but less than elsewhere. The local vote 1685 to 1159 for Clarence West, with the area vote 1685 to 1159.

Area voters joined the other precincts in the county in giving Phillips an overwhelming victory in the Republican vote, and giving Shangle the edge in the Democratic side. Shangle's margin of victory here was 165 votes, 587 to 422.

GOVERNOR Goodwin J. Knight, who faces a runoff with Democrat Richard Graves this fall, was given the nomination of both parties by local voters, 1559 to 95 Republican, and 624 to 537 Democratic.

In other state-office balloting, the Democrats showed unusual strength in capturing the nomination of their party, with local voters joining this trend.

ATTORNEY GENERAL Pat Brown won both nominations here, as elsewhere in the state. Run-offs, with the final tally still to be made, are believed necessary in the following races: United States Senator, Thomas Kuchel, incumbent, vs. Samuel Yorty, Democrat; Lieutenant Governor, Harold J. Powers, incumbent, vs. Edward Roybal, Democrat; Secretary of State, Frank Jordan, incumbent, vs. Daniel Raeburn, Democrat; Controller, Robert Kirkwood, incumbent, vs. Daniel Raeburn, Democrat.

Proposed City Budget to be Discussed June 15

Palm Springs taxpayers will have an opportunity to review the record 1954-55 proposed budget for the City of Palm Springs Tuesday evening, June 15, when the preliminary hearing will be held by city council.

Final hearing and adoption is scheduled for Tuesday, June 30.

THE PRELIMINARY budget calls for a record amount, but unless changed will not require any change in the tax rate of \$1.28 per \$100 assessed valuation.

The budget is set at \$794,181, an increase of \$49,027 over 1953-54.

THIS INCREASE is divided in the following ways, according to City Manager R. W. Peterson: All departments have regular in-grade increases; maintenance work at Polo Grounds, painting of grandstand and stables, \$3,500; fire department, \$6,000, including hiring another person; police department, \$7,000, including another officer and outlay expense; parks, \$6,000; street maintenance, \$5,000; airport, \$1,500; ordinance codification, \$3,000; personnel work, \$1,000; planning department, \$750 for completion of master plan; possible special projects, \$1,000.

MISS UNIVERSE NOMINEE TO BE SELECTED TONIGHT

Two beautiful young women starry-eyed with anticipation today stand on the threshold of an Alice-in-Wonderland door with fame and fortune awaiting one, perhaps both in the search for Miss Palm Springs of Riverside county and the ultimate in that beauty race as Miss Universe of 1955.

However, Miss Joanne Droste, winner in the first elimination contest two weeks ago, and Miss Marion Caroon, the winner of the second contest, still have to face seven judges for the final selection June 26 in the Starlite Room of the Chi Chi in competition with three more winners, whoever they may be, for a total of five.

Tonight in the Chi Chi another elimination contest winner will be selected. The same contest will take place June 17 and 24 with the five weekly winners to appear on the same stage Saturday, June 26.

Miss Caroon, niece of Edith Eddy Ward, Palm Desert, was an easy winner last Thursday night with Miss Cheryl Mauerhan, of Beaumont, second. The winner was presented with an expensive wrist watch and runner-up a beautiful string of pearls, gifts of Irvin Schuman, owner of the Chi Chi. Miss Violet LeBere, Palm Springs, won six out of seven ballots for third place.

Miss Caroon was attired in a beautiful Catalina swim suit of the kind displayed at the Casual Air. The previous week's winner, Miss Droste, wore a Maurice Handler swim suit on

display at Bullock's, J. W. Robinson or Lilli Chused's shop. It was mistakenly reported that Miss Droste was attired in a Catalina swim suit at the time she won.

The Miss Universe Contest in Long Beach scheduled for July 10 to 25 is sponsored by the Catalina swim suit manufacturers, Universal International Pictures, and the City of Long Beach. The winner, runner-up and other contestants win long-term contracts with the sponsoring motion picture company. Many of the non-winners and winners from the many California counties in the contest for the title "Miss California" have won theatrical contracts as well, according to Richard Russell, one of the directors of the Miss Universe contest.

Next week, it was announced, Mrs. Taylor Dunlevie will be one of the contestants in the Miss Universe contest. Miss Arlene Collier of Palm Springs and other young women between the ages of 18 to 28, single or married, plan to appear tonight.

Consultant Hired to Make Survey

Attendance zoning for the various elementary schools in Palm Springs, one of the most controversial issues faced by the Board of Trustees for some time, is expected to attract another record crowd at the next meeting of the board at 7:30 p.m., Thursday, June 17.

In an effort to solve the problem to the satisfaction of all parents, the board has employed a consultant, Dr. Edward H. La Franchi, professor of educational administration at the

TRY ON OFFICER'S LIFE ENDS IN MURDER CHARGE

Police Sgt. W. L. Jessup is alive today due to his own quick thinking and the fortunate location of a plumbing fixture in a men's restroom in a local night club.

His assailant, Richard Frank Rose, 38, faces a charge of assault with intent to kill, and will appear for his preliminary hearing in Judge Eugene Theureau's justice court at 10 a.m., Tuesday, June 15. At arraignment Friday, a plea of not guilty was entered in his behalf and bail was set at \$5,000.

JESSUP STARTED a search for the transient laborer after

Ray Elliott, owner of Shelley's, reported that a man had purchased a box of shells there and had attempted to load his gun in the store. He traced the man through a taxi-cab driver to a night club, and learned there that he had gone into the restroom.

The officer found him in a hallway near the restroom, and asked him for the shells. A struggle ensued, and Jessup shoved him into the smaller room where he anticipated better control of the situation.

Air Race to End Saturday With Luau at Desert Air

First of the planes entered in the second annual transcontinental air race from Philadelphia checked in at Desert Air Park on Monday with more arriving the next day. Other entries, which number over 75, will be arriving each day and all are due by Saturday night. Winners will be checked on time and performance and must follow a certain route.

The culmination of the race, which is sponsored by the Philadelphia Junior Chamber of Commerce, coincides with the second annual luau being staged Saturday night by Desert Air hotel, with Palm Springs Jaycees acting as hosts.

OVER 100 contestants signed up for the race, but not all are expected to finish. Those who do must make compulsory stops at Columbus, Ohio, St. Louis, Tulsa, El Paso, and Phoenix, to compete for awards.

This 2625 mile cross country race is for strictly stock aircraft, of 300 horsepower or less, to be flown during daylight hours. Winners will be decided on the

basis of elapsed time and fuel consumption, with the C.A.A. cooperating by keeping flight records for each pilot.

WINNING AWARDS will be made to the pilots at the luau with Peter De Paola, noted racing driver, making the presentations.

Cash prizes as well as trophies will go to the first four place winners of each type of aircraft.

Nine Southern California pilots will be in the flight which is being conducted to substantiate the safety, ease and advantages of light aircraft and to promote the use of this type of plane for vacation trips, said Fred Hillstrand, local Jaycee chairman.

THE HAWAIIAN luau will be a gala affair, with continuous entertainment featuring Hilo Hattie and her company, music by George Kainapau and his Island Serenaders, and hula and knife dancers. It is open to the public but reservations should be made by telephoning Desert Air hotel.

"YOU ONLY DIE ONCE" — This was the comment of Richard Frank Rose, 38, left, accused of attempted murder on Sgt. W. L. Jessup, right, after the suspect was asked to pose for

pictures. Jessup was saved from serious injury and possibly death by the plumbing fixture, insert, which shows where two 32 caliber bullets struck while Rose was attempting to fire at the police officer.

BUDGET

election, \$4,000; contingencies, \$3,000; all other miscellaneous.

THE TOTAL increase is normal in the operational cost of the city government in relation to the growth of the community, Peterson said, but is offset by an anticipated increase in income of \$58,000, leaving a balance on the part of the city of approximately \$9,000.

Some of the increase is due to the reduction of payments of principal and interest of the general obligation bonds. There remains on the books a total of \$750,000 in bonds, for the fire station, street trees and lights, widening of Indian avenue and the construction of public rest rooms.

THIS FIGURE aids in reflecting the excellent financial condition of the city, Peterson said. Bonded indebtedness permitted by law is \$5,270,000.

Other points in figuring the excellent financial condition is the \$260,000 in the unappropriated reserve which should be sufficient to carry the city's operation until taxes are due in January, the \$300,000 in the city fund, plus an additional \$70,000 in the capital outlay fund.

PETERSON ESTIMATED the increase in assessed valuation at \$1,565,500, using building permit figures to justify this additional revenue.

One of the main items of interest to taxpayers is the retention of the \$33,000 figure for publicity work administered by the Chamber of Commerce, instead of the \$50,000 as requested, and supported by the Hotel and Apartment Association, the Retail Merchants Association, and the Real Estate Board.

Copies of the complete budget are available for inspection at the Woodward Murray Memorial Library.

Thrifty's twenty-fifth birthday inaugurates a six month Silver Jubilee celebration which will bring Californians the greatest merchandising and promotional events in their history.

Thrifty's executive management has planned this celebration for over a year, with buyers and manufacturers throughout the nation cooperating to provide the greatest variety of merchandise values ever offered in the West. In addition to unparalleled merchandise values the public will have the opportunity to win hundreds of prizes valued at over \$50,000.

Borum continued, "The neighborhood Thrifty Drug Store is an important part of the community. The employees are local people who take an active part in local affairs. In addition, Thrifty Drug Stores provide savings to customers which are possible only through volume buying. Thrifty effects many economies when it buys for more than 100 stores, and the retail prices in the local store reflect these savings.

To Our Friends:

We herewith desire to gratefully acknowledge with a feeling of deep sincerity the patronage you, our friends, have indicated by your presence in our humble establishment, TOMMY BARKER'S during the winter season of 1953-54.

At the same time we beg your forgiveness for the many little failures you may have encountered at TOMMY BARKER'S. These include: the food that may have been served you that was not quite to your liking; the little points where we lacked proper attentiveness when you graced our establishment with your presence.

We are equally thankful for the distance you traveled from many points on the desert — Palm Springs, Banning, Indio and other communities to favor us with your friendly patronage.

Right now we declare that our service, the food you order and which will be placed before you during the winter season of 1954-55 will please you to the utmost. We plan many innovations in attentiveness in order that you may be thoroughly satisfied at all times. Visit Tommy Barker's when we open again in the Fall.

Carnation Corner

My husband and I think a tall, cool glass of Carnation Buttermilk is the best thing that ever happened to summer. It's rich in milk's calcium and vitamins too, and actually higher in protein than regular milk.

Carnation Buttermilk is perfect with fresh fruit salads. And with strawberries, cantaloupe and watermelon so easily available now, I'd like to tell you about a fruit bowl idea. Use a small salad bowl for each person. Divide into four or five sections with endive or lettuce. Fill each section with fruit somewhat like this:

Serve with "Low-Calorie" Buttermilk Dressing

- (Makes 2 cups)
- 1 tablespoon sugar
 - 1 tablespoon dry mustard
 - 1 teaspoon salt
 - 1/2 teaspoon paprika
 - 1 tablespoon cornstarch
 - 1/2 teaspoon onion salt
 - 1/2 teaspoon cayenne
 - 2 eggs
 - 1 cup Carnation Buttermilk
 - 1/2 cup vinegar

Combine dry ingredients in upper part of double boiler. Add egg, buttermilk and stir until smooth. Cook over hot water until dressing begins to thicken. Add vinegar slowly. Blend well. Remove from heat and chill before serving over fruit or crisp salad greens.

Our maple sugar industry developed mostly because of the Quakers. They wouldn't use cane sugar because most of it was produced by slave labor, so they converted maple sap into sugar. And doesn't maple syrup make pancakes irresistible? Wonder if you've ever served pancakes as a dessert? Just add a six-ounce package (1 cup) of semi-sweet chocolate bits to the pancake batter before baking. Serve with whipped cream.

And for breakfast OR dessert, here's my favorite pancake recipe. The secret of its success is Carnation Buttermilk...the same success secret that makes so many other kinds of cakes unusually rich, moist and tender. Be sure to try it.

- BUTTERMILK TENDER-LIGHT PANCAKES**
(Makes 18-20 Three-Inch Pancakes)
- 2 cups sifted flour
 - 1 teaspoon baking soda
 - 1 teaspoon salt
 - 2 cups Carnation Buttermilk
 - 1 tablespoon melted butter

Combine flour, baking soda and salt in bowl. Mix in Carnation Buttermilk and butter. Blend well and drop from spoon to hot, well-greased griddle. Cook on one side over medium heat until pancakes are bubbly. Turn and cook on other side. Serve at once.

HINTS FOR HUSBANDS

To make keys easily noticeable in your fishing tackle box, string them on piece of fishing line run through cork bobber and tied as shown. Keys won't sink if accidentally dropped overboard either.

For better baking and thirst-quenching goodness too, keep plenty of Carnation Buttermilk in your refrigerator.

Magic Fails

Gaughey's Car Lock No Bar to Clouters

John Gaughey, 310 South Indian avenue, is known among local residents and visitors as an excellent magician, but his "bag of tricks" didn't keep a car clouter from opening his locked car Wednesday evening and taking \$50 worth of magic equipment, plus other articles valued at \$34.

Entry was not made by "magical method" but was accomplished by opening the door after prying open a partially open window.

Among the other items taken were 10 ash trays, two pair of sun glasses and a camera.

Hikers Rescued After Five Day Mountain Stay

Two San Diego residents, subjects of a widespread search five days last week when they failed to return from a hike in the Santa Rosa mountains, were rescued uninjured Wednesday and Thursday.

Harry Scott, 57, made his way out of the mountains Wednesday afternoon, emerging on the Palms to Pines highway at the 4,000 foot level. After flagging down a motorist to take him to deputies at Idyllwild, he led a rescue party back to his companion, Mrs. Charlotte Larsen, 59, mother of Baltimore Oriole pitcher Don Larsen, who had decided to stay at the bottom of Deep canyon while Scott went for help.

Decision on Race Tracks in Area Expected June 14

Decision on the requests of two Palm Springs groups for racing permits is expected to be announced by the California Horse Race Board at its next meeting Monday, June 14.

The board has now had in excess of 30 days to study the briefs filed by attorneys for both groups, and previously had said that a decision would be announced after that time had elapsed.

The board could grant either the permit for the Palm Springs Turf Club to operate a thoroughbred track, or the permit for the Desert Turf Club to operate a quarterhorse track, issue permits to both or deny both applications.

The narrow Tahquitz bridge, scene of two accidents within the last two months, recorded the first June mishap at 2:43 a.m. Wednesday, when Kathleen Scribner, 32-201 Date Palm drive, lost control of her car causing it to strike the bridge.

Considerable damage was caused to the front of the car, with only slight damage to the bridge reported. Mrs. Scribner agreed to pay for the repair of the bridge, officers said.

Mrs. Blaine Dies Wednesday

Mayor Florian Boyd received a telegram yesterday morning from his wife saying that her mother, Mrs. Charles L. Blaine of Baltimore, had died that morning.

Mrs. Blaine had been ill for two months and her daughter has been with her during her illness.

IT SET OFF a storm of protest though, which has resulted in between 100 and 150 parents attending the past two board meetings—a record attendance in the history of the school district.

Many parents have purposely postponed their vacations until the matter is decided, causing the prediction of another capacity crowd at next Thursday's session.

Missing Person Found Suicide Victim in Canyon

The body of Mrs. Olive Atkinson, 47, Cathedral City woman missing from her home since Monday evening, May 31, was found about 8:30 a.m., Tuesday, by searchers in a ravine in Cathedral Canyon.

Sheriff's Lt. Red Williams, of

The body was found approximately 200 yards off Highway 111. The discovery was reported to Tommy Barker, who notified authorities.

Early reports that Mrs. Atkinson was a victim of amnesia and had been seen hitchhiking in the Indio area were discounted after investigation. Lt. Williams said. A search had been under way since she was reported missing Tuesday afternoon.

Near the body was found a sweater, a thermos bottle, and

Police Chief John S. Davis commended Jessup for his alertness and excellent handling of the situation.

Lutheran Church Plans Summer Services Here

Lutheran services will be continued throughout the summer months for the first time since the Palm Springs Lutheran group was established, the Rev. Paul Hilgendorf announced today.

This summer ministry is part of the impetus given the Palm Springs group by being made an autonomous congregation of the Lutheran church, Missouri Synod, an action of the Southern California district of the Lutheran body.

Services are conducted each Sunday morning at 8:30, with Sunday school and adult Bible class at 8 a.m. in the Palm Springs Youth Center, North Belardo road, by the Rev. Hilgendorf.

Under the new administration plans are going forward for expansion and all Lutherans in the desert area are invited to attend the Sunday worship service, as well as monthly congregational meetings to plan future development.

A meeting of the group this week will consider several important matters, including the selection of a name for the new congregation. Selection of a church site is on the agenda for current meetings, Cy Oistad,

secretary of the congregation, stated.

"It is of vital importance that a site be chosen which will afford maximum benefit to the group as well as the congregation, and in this selection we are grateful for the assistance of Wolf Roeseler, City Planning Director," Oistad pointed out.

Sunday Sermon Topic is 'Ye Are My Witnesses'

Dr. James Blackstone Jr., pastor, will preach on the subject, "Ye Are My Witnesses," at the morning worship service at 11 a.m., at the Palm Springs Community church.

The sermon topic covers the time when Jesus was to leave His disciples after His resurrection, and He told them they were to be His witnesses. This is the important function of each and every Christian.

Mrs. Adele Calderhead will be the soloist, accompanied by Lois Lux on the organ. A nursery is provided for the care of small children during the worship hour.

The Sunday school is continuing on the same schedule, with all classes meeting at 9:30 a.m.

The Young People will hold their meeting at 6:15 p.m., under the leadership of the Rev. and Mrs. Deran Yaylian.

The evening service, which will be the last evening service during the summer months, will be held at 7:30 p.m., and following the song service and testimonies by some of the returned college students, Rev. Yaylian will deliver the evening message.

ALL-TIME RECORD SET AT MUSEUM

An all-time record attendance was set at Desert Museum during the 1953-54 season, with 45,512 visitors inspecting exhibits there.

Dr. C. E. Smith, director, will be at the Museum during the summer months to assist any member at any occasion, even though it is now closed to visitors.

The Museum will reopen for the general public on October 15.

Village Church Commended in Special Service

Palm Springs Seventh-day Adventists were commended in a special service Saturday for their part in the church's growth as reported at the Adventists' quadrennial World Conference concluded last week in San Francisco.

Pastor Kenneth Smith, reporting officially to the Palm Springs church, said that participation by a great majority of members here helped to make possible the unprecedented growth of the Adventist denomination as revealed at the San Francisco World Conference. More than 25,000 persons from 98 countries attended the conference, he said.

Pastor Smith said there are approximately one and one-fourth million adherents to the Adventist faith and that baptized adult membership is expected to pass the million mark in the next few months.

He said the San Francisco conference emphasized a cardinal teaching of Seventh-day Adventists—belief in the approaching Second Advent of Christ. This subject, he pointed out, is being seriously studied and discussed today among many church groups.

Total giving by Adventists in 1953 amounted to more than \$60 million in regular tithes and offerings, Pastor Smith said. "Per capita contributions in this country," he said, "reached a record \$181.57. Palm Springs Adventists kept pace with this growth." This represents an average increase of \$44.50 per capita over 1949 giving, as reported at the 1950 quadrennial World Conference of Seventh-day Adventists.

Adventists Meet in Loma Linda

Members of the Palm Springs Seventh-day Adventist church, together with members of the Indio, Beaumont, Yucaipa, Redlands, San Bernardino, Loma Linda and Colton churches will be meeting each night this week through Sunday and all day Saturday in regional services being conducted at the Loma Linda bowl in Loma Linda.

Missionaries from South America, including Elder L. H. Olson, Secretary of the South American Division with some native workers from that country, will present the program tonight with pictures following the sermon.

Friday evening, Saturday morning and Sunday evening, the speaker will be Elder George Vandeman of London. Meetings for all age groups will be conducted each evening and on Saturday. Pastor Kenneth Smith of the Palm Springs church announced that there will be no services here Saturday, but that all members and friends are invited to attend the regional meetings in Loma Linda on that day.

Trust in God is Golden Text for Sermon Sunday

"The eternal God is thy refuge, and underneath are the everlasting arms." These words from Deuteronomy (33:27) will be the Golden Text in the Sunday Lesson-Sermon in all Churches of Christ, Scientist.

"God the Preserver of Man" is the subject of the Lesson-Sermon which points out that spiritual understanding, enabling man to differentiate between the true and the false, is God-bestowed.

From the Bible the following verses will be read:

"Because thou hast made the Lord, which is my refuge, even the most High, thy habitation; There shall no evil befall thee, neither shall any plague come nigh thy dwelling." (Ps. 91:1,2,10)

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following:

"All things work together for good to them that love God," is the dictum of Scripture... Step by step will those who trust Him find that "God is our refuge and strength, a very present help in trouble" (p. 444).

Bible School Ends Friday with Program

Daily Vacation Bible School at the Palm Springs Community church will end Friday evening with a program for parents being presented at the church, starting at 7:30 p.m.

An interesting program is planned, and handicraft will be displayed. Awards and certificates will be given to those completing the required work. The public is invited to attend.

The school started its second week Monday, with 145 young people in attendance. Twenty-five teachers are in charge of the school, with Mrs. Pauline Smith directing the Primary department; Mrs. Donald Cole directing the Beginners; the Rev. and Mrs. Deran Yaylian in charge of the Junior High school group, and Mrs. Frank Little directing the Junior department.

The schedule included stories, handicraft, games, memory work and singing, all in a western theme.

Jones Found as Air Search Begins

Prior to the start of an extensive air search to locate Reg C. Jones, 1905 Araby drive, who was believed missing on a flight from Palm Springs to Tucson, the contractor was found to have landed at Arba Ranch, a small landing strip near Tucson.

Police aided with the search by continually checking his residence here, without success. Then plans were started for a search between here and Tucson by March Air Force Base personnel.

The discovery of the landing was made by a routine radio check of all public and private airports.

Wind at Windy Point Blamed for Overturning

Windy Point on Highway 111 lived up to its name Saturday morning when a strong gust overturned a light house trailer which in turn pulled over the car which was towing it.

Occupants of the car, Mr. and Mrs. John Colmar and their two small children, of Long Beach, suffered only bruises and minor lacerations. They were brought to Desert hospital by a passing motorist for emergency treatment.

The accident occurred approximately five miles north of the city limits.

Movie Executive Escapes Serious Injury in Collision

Don Hartman, 53, 1151 San Lorenzo road, one of Paramount's top executives, had a real life drama Saturday afternoon which rivaled many of Paramount's pictures, and which featured a vehicle used in his Academy Award winning "Roman Holiday."

Hartman was involved in an accident 1000 block of Highway 111, while riding the Italian motor scooter which was featured in several sequences in the picture. The vehicle collided with a car driven by Clara Iba Tollett, 54, Riverside, which was attempting to pass him at the time.

The movie executive was taken to Desert hospital by Wiefels and Son ambulance, where x-rays were taken before he was permitted to return home. He suffered a mild concussion.

Damage to both vehicles was slight, totalling only \$55.

As an anti-climax, Hartman was cited for driving without having his driver's license in his possession.

A net score of 62 made by H. Slaughter of Indio on the Tamarisk course is the lowest recorded here to date.

Oscar Crawford hurled a three-hit masterpiece Monday night to lead his Strebe Stars Little League team to a 9 to 1 victory over the Boys Club.

Crawford struck out 14 men and was in trouble only in the fifth inning when one run scored before he retired the side by forcing the batter to foul out to Larry Sitter at first base.

Lonnie Saubel and Buckly Ordway handled the pitching duties for the Boys Club Red Sox, giving up nine hits between them.

The line score: R H E Boys Club 000 010—1 3 3 Strebe Stars 031 50—9 9 0 Saubel, Ordway, and Segundo; O. Crawford and Walton.

Luau torches will flare at Desert Air Park Saturday night... as Hank Cogerty stages the greatest luau of them all... The desert night will resound with the sweet strains of Hawaiian music... and the flickering candles on the low tables around the pool will reflect the stars overhead... Pig and yams roasted in a pit lined with lava rock... tropical drinks in bamboo cups... 500 guests in Island garb with leis of fresh plumeria flown in for the luau... will make a spectacular scene...

Competing in interest with the continuous show of music and dancing... will be the arrival of aircraft... as close to 60 planes from Philadelphia set down on the grassy landing field at this unique air hotel... It will be a fabulous affair... and everyone who is still here... and you'll be surprised to find how many are... will be there... While advance reservations have been heavy... the chances are you can still get in...

Mail Bag

A note from Bud and Vic Graves from Chicago... says that they had a very interesting trip despite rain in five states... "All the colors of the rainbow... the unbelievable colors of the painted desert in Arizona... the brilliant red earth of Oklahoma... the green of Illinois... but the blue remained in the Palm Springs sky," they write... They hadn't been in Chicago 15 minutes... before they ran into Nancy Kiner on Lake Shore drive... (this is figuratively speaking of course)... and the Sidney Schiffs took the Graves on a sightseeing tour before Vic checked into the Wesley Memorial hospital for her operation...

Vic, who was operated on last Wednesday... is in a cast but alert and happy with the knowledge that she will be able to walk and dance again... She and Bud will be in Chicago for another six weeks at least... and hope to go on to New York before coming home...

A gay postcard from Millie Houghton arrived from Chicago... to tell me that she had been down in Indiana to my hometown... but found it closed up... because it was Wednesday... Does that figure?

Marj Pohl was clipping off the miles to the east coast... when she paused in Langtry, Texas to write me a postal from Judge Roy Bean's museum... Sure do miss that gal...

Beth Scott's notes from Honolulu make me think... we may have trouble getting her back here... Like Inez Robb she is inclined to ask "how long has this been going on?"... and loves that land of flowers...

She was down to meet the Lurline when it docked with a deluge of Palm Springs and Los Angeles people... carrying leis for the Dan Dunlaps and their two boys (candy leis for the latter)... Also on the ship were Bill and Betty Bannerman, the Rudy Hahns (frequent visitors here)... and the honeymooners Jack and Elaine Naish Sheridan...

At the dock Beth saw Anita Weldon Belding who gave a big welcoming party for the Palm Springs on Friday night... with Hawaiian orchestra, dan-

will be away for a month...

Lily Pons is here to spend the month of June in her new hilltop dream house... that overlooks the desert... and has a heart-shaped swimming pool...

It's Laguna for the Roger Williams... They have taken a house there for a couple of months and will be enjoying those offshore breezes during July and August...

They are entertaining a small group at their Monte Vista home tomorrow night... Enjoying an informal dinner with the Williams were... Dr. and Mrs. P. A. Staley, the Burnham Bigelows, Arnold Rumwells... Mr. and Mrs. Newton Hotchkiss, the Earl Cordreys, John Clarks, Mr. and Mrs. Stewart Williams, Harold Hicks...

Lloyd and Orph Frank have taken a house at La Jolla and move down there the first of July... Lloyd is due to enter Scripps for a check-up on July 5...

Orph's nephew Michael Barnard is arriving on Saturday... to spend the summer with them... and her sister Lucille Bobair is joining him at the Los Angeles airport... to fly down for the weekend...

Off to Europe

The Bennetts are Europe-bound... As soon as the election was out of the way, Melba went in to Los Angeles and she goes from there to New York by train... They are taking their station wagon abroad with them, so Frank is driving it to New York... They will visit there with their daughter DeeDee... before sailing on the Isle de France on June 25...

Their plans are not static but they will have a week in London... and Frank's schedule includes fishing in Southern England, Wales, Ireland and the Highlands... They will visit Denmark, Holland and Belgium and anticipate being in Paris around September 1... If everything works out they will go to Italy this fall and Frank has a yen to do some bird hunting in Spain... Their return home is indefinite... it may be October and it may not be until early December...

A group get-together Tuesday night... honoring the Vance Huckens of San Francisco who have had a house here for a month... and the Frank Bennetts on the eve of their departure... found a merry group gathered on the mountain side in Little Tuscany...

This is a custom of many years standing for this group... and they had a steak and listened to election returns via a portable radio...

In the party were Burnham and Frances Bigelow, the Bennetts, the Huckens, George and Mickey Wheeler... Mr. and Mrs. Stewart Williams, Mr. and Mrs. Roger Williams... Harold Hicks, Florian Boyd, Mr. and Mrs. Preston Higgins...

I see by the LA papers that Jane Cabanne has filed suit for divorce against William Christy Cabanne Jr. (son of the pioneer film director)... asking full title to their home here on Racquet Club road and temporary and permanent alimony... The couple who spent most of the Winter here... were married last year.

Auxiliary Wants Articles for Rummage Sale

Looking forward to its annual rummage sale, which will be held in early October, the American Legion Auxiliary is seeking contributions of clothing, hardware, household goods, bric-a-brac, yard equipment, or toys.
Those who are closing their homes for the summer or weeding out articles they no longer need are reminded that this is a good way to dispose of unwanted items and at the same time assist in a worthwhile project. Proceeds of the rummage sale will be used for needy veterans and their families and for community service work.
Phone Mrs. Dolores Lowry, 6666, or Mrs. Dorothy Morrison, 5349, to have items picked up.

SUN CHASING — This San Rafael couple, the William P. They have been enjoying many sun-lazing hours there. Murray is past president of the California Bankers Association and is currently serving as president of San Rafael's First National Bank and the Bank of San Rafael. **Ten Times
Niagara**

In its 50 years, California Electric Power Company has pioneered many "firsts" in the field of electrical engineering. And one of its most impressive accomplishments was the construction of the Poole hydro electric plant in the High Sierras. This plant boasts one of the most amazing man-made waterfalls in the world. A huge steel pressure line drops water almost straight down a vertical distance of 1,675 feet to turn the plant's generators. This drop is ten times greater than that of Niagara Falls. It is two and a third times the height of a 140-story building.

Through engineering feats such as this Cal Electric has developed its sources of power over its 50 year history to serve one of the most rapidly expanding areas in the United States—the Pacific southwest.

Festival of Arts to Have 30-Day Run

The seaside art colony of Laguna Beach will be the scene of the 19th annual Festival of Arts and Pageant of the Masters for a 30-day season, July 17 through August 15, the longest run in the history of the nationally famous event.

More than 700 volunteers are needed to stage the Southland spectacle, described by the Reader's Digest as "an all-American phenomenon".

Six acres of Festival grounds in Irvine Bowl become a cultural carnival for the 30 days and nights of the Festival of Arts. More than 200 local artists and craftsmen display paintings, sculpture, photography, ceramics and handicrafts. Spectators are attracted from all parts of the United States.

Each night during the Festival of Arts the dramatic Pageant of the Masters is presented under the stars in the natural amphitheater of Irvine Bowl. Classic and contemporary art masterpieces are recreated with living models, authentically costumed and skillfully made up by Max Factor of Hollywood.

In addition to such popular favorites as "Pinkie", "The Blue Boy" and the traditional "Last Supper", the more than 60 new subjects include Rembrandt's "Polish Rider", Renoir's "Lady at the Piano", Fragonard's "A Stolen Kiss" and "Coffee" by Matisse. Three different programs will be presented on successive nights.

Descriptive folders are available without charge from the Festival of Arts, Laguna Beach, California.

Tuesday's primary election is back of us... Most of my men made it. Our polling booth in Palm Village is a colorful spot and there a great feeling of friendship always prevails. The voters are our good neighbors—millionaires, movie stars, ranchers, Mexican ranch workers. They're all good Joes—and so are the officials, always on hand to sign us up, year after year, some of them: Mary Ellsworth, Martha Duncan and Werner Gubitz.

That's all swell, but how about the ones that didn't bother to register, or didn't think the issues on the ballot worth their time to go and vote. There's still another offender. Well, let's see whether you could call him an offender or not. I'm talking about the man or woman who's all wrapped up in our civic and county affairs, lives here eight or nine months of the year, but is a registered voter in Portland, Philadelphia or Podunk.

Nice thing about these county elections. They're non-partisan even though some folks try to inject party into them. I think in city and county and state elections most of us vote for the Man. This makes it easy for me to have peace in the family with Isabelle, a Democrat dating back from the days of her father, Judge Thomas Francis Patrick Noonan of the New Jersey Superior Court on the Democratic ticket.

For Tuesday's primary Isabelle drove all the way down from Santa Barbara, especially, she said, "To vote for Varner and Goody Knight and Duffey." She'd been in Santa Barbara to attend the graduation of her niece Marsha Noonan from the Maraymount School, and incidentally ran into John Harnish whose daughter was in the same graduating class. Off again for Los Angeles to attend the graduation of another niece, Jacquelyn Durant from Immaculate Heart Convent, in this class two other local beauties, Jean Hicks, daughter of Harold, and Pat Cummings. Of all the many Noonan nieces this Jackie is my favorite, daughter of Molly O'Day Kenaston and comedian Jack Durant.

Well we sure cleaned up politics fast. Let's take a look at the grape—early grape, that is—sustained in our lovely valley. Paul Kersten reports a heavy picking of "cardinals" on his 200 acre ranch adjacent to Thunderbird and Danny Callahan, major domo of the Gogerty grape ranches, says he picked and shipped early "Perlettes" on June 1 and 2. Early is right, says Danny. "It was the 12th last year when the first perlettes went on the market." Both Callahan and Kersten agreed that the mammoth Thompson seedless harvest

LEGION OFFICERS — In a joint installation ceremony with the Legion Auxiliary on the evening of June 1, Owen Coffman Post No. 519, American Legion, installed the following officers:

Joint Installation Rites for Legion and Auxiliary

In a joint installation ceremony at World Wars Memorial hall on the evening of June 1, Owen Coffman Post No. 519, American Legion and the Legion Auxiliary Unit installed officers for the coming year. William (Bill) Scharf was installed as Commander of the Legion, and Mrs. Dolores Lowry as president of the Auxiliary.

With Mrs. Helene Bender, first vice president of 21st district, as installing officer, the following Auxiliary officers would start in earnest by Sunday or Monday.

Wonder how many of you good Villagers have ever watched the packing of Thompson seedless grapes. I'm sure that you would be welcome any time from now till the 4th of July to have a look see at Paul Kerstens or "Doc" Gurleys packing sheds right here in Del Sol.

It's an endless belt operation—where the grape goes right from the field pack boxes through delicate handling into boxes for the New York or Montreal markets. The shipping boxes are the same weight, quality and are under refrigeration an hour after they leave the field.

Speaking of field—what a field day the immigration boys will have again this year. They just drive up and down the vineyards in a jeep and transport the boys to a new government bus parked up on the highway. It's just too bad we can't get some solution to the Mexican "wet" problem. We need them on the ranches. Cheerio Amigos.

Jaycees to Hold Regular Meeting

Fox, George Strebe and Milton Hicks, house committeemen. Refreshments of sandwiches, coffee and punch were served, following the installation, with Jennie Leoncio and Charles St. George and their committees in charge.

MOTOR MADNESS — The battle will soon be on. During the next three months, half a million American motorists will jam the highways of the nation from border to border and coast to coast. In speedy '54 models equipped with power brakes, in souped-up sport jobs, in ancient crates with flapping fenders, in almost anything that will run on its own power — these pleasure-bent vacationists will engage in a summer campaign against an army of twenty-two wheeled monsters and a fleet of foul-smelling busses. Mixed up in the melee will be a fifth column of have-your-cake-and-eat-it-too vacationists who will confound all the others by dragging along behind them houses, boats and cabanas with swimming pools.

It will be every man and woman for himself or herself. All will have contracted the disease known as "motor madness" that takes on epidemic proportions every summer. All except the truck and bus drivers, that is. They will have been inoculated against it before qualifying for their jobs by taking cast-iron shots.

For the most part, manners will be wrapped in moth balls and left at home as these pleasure seekers gnash their teeth at the immune truck and bus drivers, sound their horns as an oath to fellow motorists who make mistakes, fume over lovers out for a leisurely Sunday drive and pooh pooh small town merchants who serve them. They will strew the beautiful highways of America with millions of bottles, cans and paper wrappers adding to the filthy mess they left last Summer. When motor madness works its way into the blood stream the victim's characteristics seem completely changed. Mild mannered men grasp the wheel with courage and determination; even become ill-tempered. Home-loving folks who keep their houses and yards immaculate throw trash out of their car windows without a qualm of conscience.

After taking it easy the first day, most of the Summer tourists drive too fast the rest of their trip. The farther they go the more skilled they think they become and the more chances they take. Two days of creeping up hills behind trucks and trying to pass them as they tear down the other side and patience goes out the window with the trash; a determination to win the battle surges through the driver's veins. It's dog eat dog from then on in.

Ten percent of the drivers will blind oncoming motorists with their bright lights and fifty percent will confuse drivers of cars they follow by also failing to dim their lights. No telling how many will race past cars just to get ahead and then slow down. At least twenty-five percent will scare the living daylight out of fellow motorists by sounding their horns while passing instead of a few seconds beforehand. Almost all of our happy vacationists will use their horns twice as often as necessary. Untold thousands will not park properly off highways.

There will be a great many who spoil the whole trip by taking along too much baggage and equipment but fail to include such essentials as a first aid kit, flashlight and can of water. Some will start out without having their cars checked and will be in for costly repair bills and many unhappy hours. Believe it or not, a few will shove off without even seeing if their spare tire is inflated.

Fun, isn't it?

Well, it can be. Seeing America from the highway is a delightful way to spend a vacation. You will breathe in the wonders of nature and have unusual experiences that you could have no other way. You and the family can have the time of your lives. But it can be easily spoiled, too. Indeed, it can be disastrous.

The secret of a safe, happy vacation trip is following a few simple rules which you already likely know. Like a good resolution, the result depends on how faithfully you keep it. You know full well when you are driving too fast — taking too many chances. Every driver and every highway has a safe speed. You will almost instinctively know it. The reaction of your passengers will tell you if you are not aware of it. One of the most important things to always keep in mind is that you are on a pleasure trip — and that others in the car are also.

So in planning your summer vacation tour put your resolution to drive safely and courteously at the top of the list. Paste a constant reminder on your instrument panel that goes something like this:

"RELAX... DRIVE SAFELY... HAVE FUN... AND DON'T THROW TRASH OUT OF THE WINDOWS."

How to Pray About a Problem

Ben Lucian Burman, the novelist, tells about a hill country preacher who discovered a wonderful description of the power of prayer. This preacher walked out of his church and found one of his congregation standing with his arm thrust up in the air holding a ball of string. "What are you doing there, Brother?" he asked curiously. "Flying a kite," the man answered.

The preacher looked up at the blue, clear sky. "I can't see any kite," he said. "Neither can I," the man told him, "but I sure can feel it tugging!"

Many people seem to feel prayer tugging these days. An old friend of mine in the South wrote me not long ago, "This is the prayingest generation that ever lived in this country."

My own experience bears him out. We are undoubtedly having a real spiritual renewal, the greatest resurgence of religion in a century. And it is marked particularly by the universality of prayer. From the President in the White House and the members of Congress in our Capitol down to the least of us, people everywhere are praying. Not all of them go to church, but they pray nevertheless — and more and more of them are going to church every Sunday.

With all this interest in prayer, one of the questions most frequently asked of me is, "How do I pray in such a way that it will bring a solution to my problems?"

First of all, pray with confidence that God will guide you about what to do and how to do it. Abraham Lincoln's simple trust in prayer, constantly demonstrated in his own life, reflected such a belief. A reason many are ineffective in prayer is because of a lack of simple trust in God's guidance. Pray for specific guidance about specific problems and you will get it.

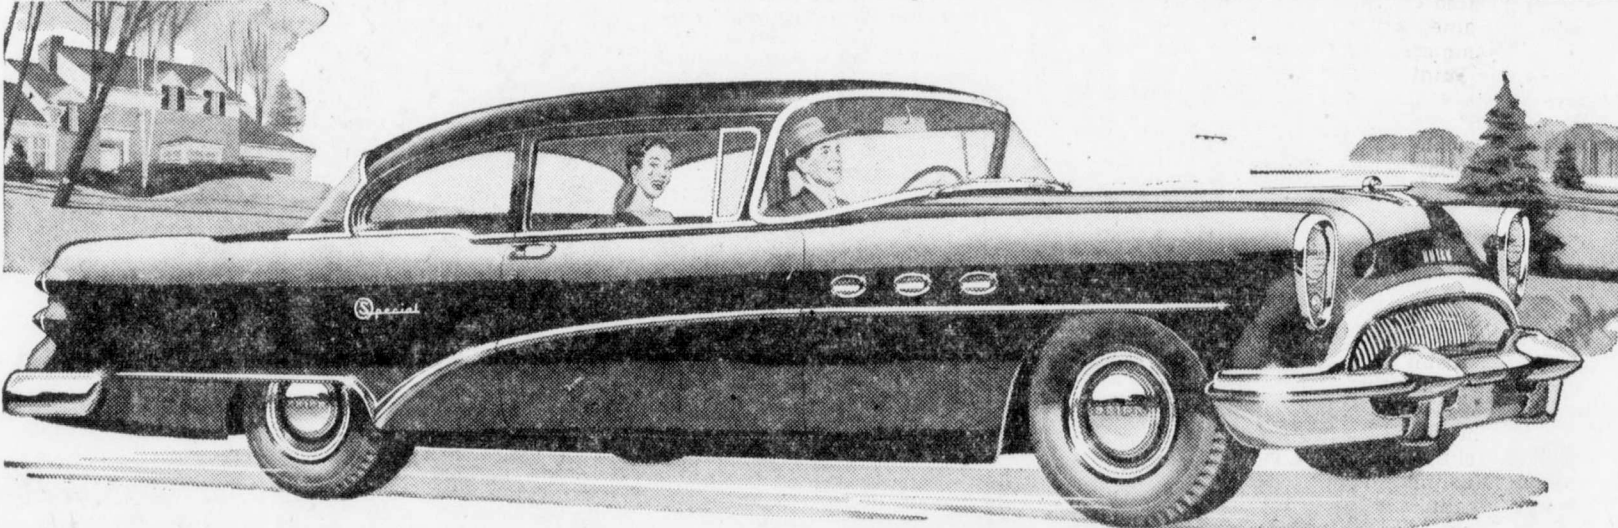

Second, be willing to wait for an answer. After having asked for help, let go the matter; leave it up to God. Successful prayer is based on how much faith you have. "According to your faith, be it unto you." So do not worry or be anxious or doubting, for such mental attitudes indicate a shortage of faith. Believe that the right

answer will come. Practice patience and faith.

Third, do not be afraid to ask big. A man I knew years ago and who was a great expert in prayer taught me his formula, "Think big, believe big, pray big." Some prayers are so little that God knows we do not mean them, and He only answers prayers that we mean. Of course, He will turn us down sometimes. I have prayed for lots of things to which He has said, "No," but that did not destroy my faith. The great Indian poet, Tagore, wrote, "I have often been saved by His hard refusals." Sometimes our prayers should be refused and it is to our advantage to receive a "No" answer. But always remember there is nothing for which we are not entitled to ask if we do so with sincerity.

Finally, I think our prayers must not take the form of asking for things, or even of giving thanks for blessings received. An even higher prayer level is to ask God to give Himself to us. What I mean by this is illustrated by the story of a young man who was having a great deal of trouble and was trying to pray his way out of it. But he did not seem to get an answer. One day he prayed simply, "Dear Lord, be with me." Almost immediately he felt a sense of inner peace. His mind became calm, and as a result he began to produce ideas, one of which was the solution to his problem.

Keep these basic principles in mind when you offer your own prayers and I am certain you will get right results. (Copyright 1954, Post-Hall Syndicate, Inc.)

Older Drivers More Cautious, CHP Reports

"The older people grow, the older they want to grow."

This statement is based on a recent California Highway Patrol survey into ages of drivers involved in accidents, and the violations responsible.

The survey, conducted during March, 1954, indicates drivers between 18 and 22 live most dangerously, or at least have the highest percentage of accidents. Fifteen percent of all traffic crashes where violations were committed found a driver in the 18 to 22 age bracket at fault.

People between 38 and 42 were responsible for 9.3 percent

of the accidents caused by violations, and drivers 58 to 62 years of age were held accountable in only 3.1 percent of the cases. One person, aged 87, was cited for speeding after an accident.

Survey results again show excessive speed as the most dangerous factor in traffic. Speed was the violation responsible for 32.9 percent of all accidents studied. Second most dangerous driving error was violation of right-of-way, accounting for 13.4 percent of the accidents. Improper turns ranked third, causing 8.5 percent of the collisions.

This Highway Patrol survey is part of the nationwide effort to bring the speed of motor vehicles within safe limits.

Multicolored Racing Turtle Found in Village

Wanted — A small boy for a red, green, blue and white racing turtle!

The multi-colored tortoise was found wandering the streets of Palm Springs by J. I. Archibald, and he took it into custody. Soon after, at McLaughlin Electric where he is office manager, a small boy came in and commented that it was just like the one he and his mother had seen at Araby Point the previous night. That's speeding in any

turtle's language—and would qualify for a post position in the annual turtle races at Joshua Tree.

So Archibald decided to hold the wanderer until claimed. The owner may contact him at 6206 or 0662.

Supervisors Back Planners in Denial

County supervisors last week joined the county planning commission in refusing to issue a zoning permit for a public cemetery north of Cathedral City, one mile south of Ramon road and a fourth of a mile east of Date Palm drive.

Visitors Not Satisfied, Do \$45 Damage Too
Free rent, with malicious mischief included.
This was reported to police at the Robert Bush residence, 1672 South Calle Rolph, where the house was entered and facilities apparently utilized.
The garage door lock had been broken, and lawn furniture brought outside, with one chaise longue damaged. The pool skimmer was also broken. Total damage was estimated at \$45.

Adams Services Held Saturday

Funeral services for Donald G. Adams, 50, prominent county Republican leader and administrative assistant to Congressman John Phillips, were conducted Saturday morning at Riverside.
Adams died at Riverside Community hospital Thursday morning, due to a cardiovascular ailment.
He had served two terms as chairman of the Riverside county Republican Central Committee, besides being active in state GOP circles.

Down?

Weintraub and Flax Reverse Coffee Trend

With the cost of coffee going up and up and up, Bill Weintraub and Danny Flax, owners of the Sips n' Snack Restaurant on Ramon road at Indian avenue, decided to pull a switch and cut the price of their cups of coffee to five cents.

The Sips n' Snack will soon be known as "The Barn," but the five-cent cup of coffee will continue.

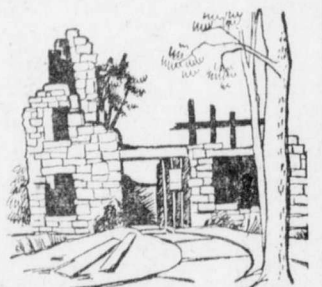

The present building is undergoing a complete renovation to take on the appearance of a real barn, complete with a big rooster on the roof. Among the many new features will be the "Sawdust Room" in the rear, which will feature draught beer.
Construction work now going on is not interrupting present business.

Vacation Plans Dimmed by Theft

Theft of between \$350 and \$400 in cash from a wallet placed in a dresser drawer in his room at 117 North Palm Canyon drive was reported to police Thursday by Chris Hartson.
Hartson said the money was taken between 3 p.m., Wednesday, and 7 p.m., Thursday.

Firemen Save House, Tree Where Located

Firemen saved a house from burning Friday afternoon — a playhouse in a tree.
A fire had started among rags and brush the children had piled around the tree, located in a vacant lot at 1426 North Riverside drive. No damage was caused to the tree.

Mourning

THE DAY AFTER a fire ... if you weren't insured ... you'll either lose your home or spend your bankroll (if you're lucky enough to have one) rebuilding.

Obviously, it's much better to be insured. Call on us today.

FACTS You Should Know About the Palm Springs Home Owners League, Inc.

The following program is one our organization feels will make a
BETTER PALM SPRINGS

- We feel that our City Departments are doing an excellent job and we have supported their expansion and improvement of their facilities.
- We have had some marked street improvements (especially the widening and paving of Indian Avenue) all of which we have supported, but we urgently need more street improvements—specially the paving and oiling to keep dust down in residential areas.
- We supported the parking meters with the understanding off-street parking would be established. We recommend that this program be speeded up.
- We recommend an immediate survey of the establishment of a complete sewage and sewage disposal plant. This should receive immediate study and planning.
- We believe the south end of Palm Canyon Drive should be improved — following the present street, but widening the bridge and the highway. We also recommend that lighted palm trees extend southward on Palm Canyon Drive. Sidewalks should be constructed on all main streets and intersections adequately lighted.
- We recommended and vigorously supported the planting and lighting of the Palm Trees now on Palm Canyon Drive.
- We favor the planning and construction of a combined High School and Municipal Auditorium, built as a joint venture by the School District and the City of Palm Springs to properly house the high school's educational requirements and also to assist the business interests of the City by having facilities to handle large conventions.
This could be constructed on property adjoining the High School — situated between the High School and Polo Grounds — which is already City property.
- We are not opposed to the city acquiring land for a future Municipal Golf Course, but we feel that the cost of building, the developing and the operation of this course should be assumed by the owners of the businesses which will benefit from the establishment of this golf course.
- While we are not opposed to the City acquiring land for a future Municipal Golf Course, we believe the timing of its construction is important and it should not be built until the present golf courses which have been built principally by home owners, become firmly established.
- We believe the City should build a permanent City Hall on property now owned by the City — on the Airport Site — which is but a few minutes from all sections of the City and out of the general heavy traffic.
- We feel property values of Palm Springs should be in line with those in Riverside and our taxes on homes should be reduced.
- We compliment the present City Council on operating an efficient and economical City Government. Economy in City operation is just as important as economy in operating your own home or business.
